September 2023

Design and Technology materials

Dear Parents,

The ADT (Art, Design and Technology) faculty have been working hard to overcome the many challenges of the rising cost of materials to ensure that your child can experience as many practical lessons as possible. This is a vital part of their education here at Clapton Girls' Academy and we are proud to offer a broad range of exciting Art disciplines and Design & Technology subjects that include Product Design, Textiles, Computer Aided Design and Manufacture & Food and Nutrition.

To date we have ensured all resources for practical ADT lessons were fully funded by the faculty. However, with ongoing and considerably rising material costs this is becoming increasingly difficult.

We are therefore asking, where possible, that parents contribute £10 per academic year to help fund basic items and materials that support these lessons. We would also gratefully receive any further donations that could be used to support the cost of materials for other students.

Parents can log into ParentPay to make their £10 contribution. We would ask that all contributions are made by Friday 15 September 2023.

Kind regards,

Sara Slater
Head of Faculty for Art, Design & Technology
